Dear Pam and members of The Hawley Foundation for Children;

On behalf of Franklin Community Center, I would like to take this opportunity to thank all of you for the generous donation of \$275.00 to be used to help provide snack to the participants of our after school prevention program, Project Lift. The Hawley Foundation for Children is such a wonderful supporter of Project Lift; it is reassuring to know that there are people in our community supporting us and our mission.

As you know, we rely heavily on community donations to keep our program active, so your donation is extremely appreciated. Thanks so much for remembering us, our clients and for caring about the less fortunate members of our area who are so appreciative to be remembered.

Sincerely,

Jaime Williams, CPS  
Deputy Director  
Program Coordinator, Project Lift
