Dear Hawley Foundation,

On behalf of the Wilton Parks and Recreation Commission and the entire staff of the Wilton Recreation Department at Gavin Park, we would like to extend our sincere appreciation for your continued support for our outstanding Summer Camp program through your Discretionary Funds Program. Through the years, your Foundation has generously provided the Summer Camp experience to so many of our community's children, which would not have otherwise been possible. Your mission statement of *supporting the wealth, welfare, and education of the children of Saratoga County* truly lives in your sustained backing of this outstanding program.

Again, thank you for your generosity. We look forward to working with you and to strengthening our partnership as we join together in providing fun, healthy, and safe programs for the children of Saratoga County.

Sincerely,

Wilton Parks and Recreation Commission and the entire staff at Wilton Recreation
